

IARC Monographs on the Identification of Carcinogenic Hazards to Humans

**Volume 130: 1,1,1-Trichloroethane, Hydrazobenzene, *N*-Methylolacrylamide,
Diphenylamine, and Isophorone
Remote Meeting: 7–22 October 2021**

LIST OF PARTICIPANTS

Working Group Members and Invited Specialists served in their individual capacities as scientists and not as representatives of their government or any organization with which they are affiliated. Affiliations are provided for identification purposes only.

Members

Marc Audebert, Institut national de recherche pour l’agriculture, l’alimentation et l’environnement (INRAE), France

Fiorella Belpoggi, Cesare Maltoni Cancer Research Centre, Ramazzini Institute, Italy

Russell C. Cattley, College of Veterinary Medicine, Auburn University, USA

Julie Cox, Health Canada, Canada

Calvin Ge, Institute for Risk Assessment Sciences, Utrecht University, The Netherlands

Per Gustavsson, Karolinska Institutet, Sweden

Heiko Kafferlein, Institute for Prevention and Occupational Medicine of the German Social Accident Insurance (IPA), Ruhr University, Germany

Lawrence Lash, Department of Pharmacology, Wayne State University School of Medicine, USA

Annie Lumen, United States Food and Drug Administration, National Center for Toxicological Research, USA¹

Michiharu Matsumoto, Japan Bioassay Research Center, Japan Organization of Occupational Health and Safety, Japan

María Teresa Muñoz-Quezada, Universidad Católica del Maule, Chile

Cheryl Peters, Departments of Oncology & Community Health Sciences, Cumming School of Medicine, University of Calgary, & Department of Cancer Epidemiology and Prevention Research, Cancer Care Alberta, Alberta Health Services, Canada

Mark Purdue, Occupational and Environmental Epidemiology Branch, Division of Cancer Epidemiology and Genetics, National Cancer Institute, National Institutes of Health, Department of Health and Human Services, USA

¹ Dr Lumen will become a salaried employee of Amgen, Inc., from 1 November 2021. This was determined not to present a conflict of interest restricting her participation at this meeting, as Amgen has no reported involvement with the agents under review

Brad Reisfeld, Department of Chemical and Biological Engineering, Colorado State University, USA

Patricia Stewart, Stewart Exposure Assessments, LLC, USA²

Camilla Svendsen, Norwegian Institute of Public Health, Norway

Michelle Turner, Barcelona Institute for Global Health (ISGlobal), Spain

Abbas Virji, Respiratory Health Division, Centers for Disease Control and Prevention, National Institute for Occupational Safety and Health, USA

Marianna G. Yakubovskaya, Blokhin National Medical Research Center of Oncology, Ministry of Health, Russian Federation

James Yiin, Centers for Disease Control and Prevention, National Institute for Occupational Safety and Health, USA

Invited Specialists

None

Representatives of national and international health agencies

Amira Ben Amara, National Agency of Sanitary and Environmental Control of Products (ANCSEP), Tunisia

Sandrine Charles, French Agency for Food, Environmental and Occupational Health and Safety (ANSES), France

Observers

Audrey Batoon, LANXESS Corporation³

IARC Secretariat

Lamia Benbrahim-Tallaa, *IARC Monographs* Programme

Nathan DeBono, *IARC Monographs* Programme

Aline de Conti, *IARC Monographs* Programme

Fatiha El Ghissassi, *IARC Monographs* Programme

Samantha Goodman, *IARC Monographs* Programme

Yann Grosse, *IARC Monographs* Programme (Responsible Officer)

William Gwinn, *IARC Monographs* Programme

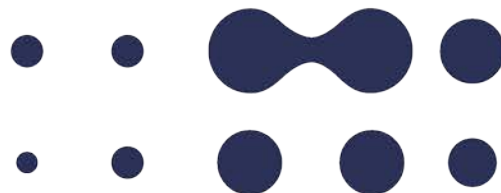

Simone Kühnle, *IARC Monographs* Programme

Jérôme Lavoué, *IARC Monographs* Programme

Heidi Mattcock, *IARC Monographs* Programme (Editor)

² Dr Stewart is employed by Stewart Exposure Assessments, LLC, but the work conducted by this company does not involve competing interests for the topics covered by the present *IARC Monographs* Meeting.

³ Dr Batoon reports being a salaried employee of LANXESS Corporation, which formulates products using diphenylamine.

Daniel Middleton, *IARC Monographs Programme*
Adalberto Miranda Filho, *IARC Monographs Programme*
Felix Onyije, Environment and Lifestyle Epidemiology Branch
Mary Schubauer-Berigan, *IARC Monographs Programme* (Programme Head)
Eero Suonio, *IARC Monographs Programme*
Susana Viegas, *IARC Monographs Programme*
Roland Wedekind, Nutrition and Metabolism Branch

NOTE REGARDING CONFLICTS OF INTERESTS: Each participant first received a preliminary invitation with the request to complete and sign the IARC/WHO Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial or non-financial interests (e.g. public statements and positions related to the subject of the meeting).

Official invitations were extended after careful assessment of any declared interests that might constitute a conflict of interest. Pertinent and significant conflicts are disclosed in the present document. Information about other potential conflicts that have not been disclosed may be sent to the Head of the *IARC Monographs* programme at imo@iarc.fr.

Participants identified as Invited Specialists did not serve as Meeting Chair nor Subgroup Chair, draft text that pertains to the description or interpretation of cancer data, or participate in the evaluations.

All Declarations of Interest were updated and reviewed at the opening of the meeting.
