Kristina Kjaerheim, Cancer Registry of Norway, Norway  
David Kriebel, Department of Public Health, University of Massachusetts Lowell, USA  
Alexandra Long, Healthy Environments and Consumer Safety Branch, Health Canada, Canada  
Luana Main, Institute for Physical Activity and Nutrition, Deakin University, Australia  
Marta Oliveira, REQUIMTE-LAQV, School of Engineering Polytechnic of Porto (ISEP), Portugal  
Susan Peters, University of Utrecht, The Netherlands  
Lauren Teras, American Cancer Society, USA  
Emily Watkins, School of Life and Health Sciences, University of Roehampton, London, UK

---

<sup>1</sup> Dr Graber reports having received personal consultancy fees from the Lung Ambition Alliance (LAA), which does not represent a potential conflict of interest for the present activity because the LAA and its founders do not have a competing interest in the topic of the meeting.

### Invited Specialists

Jefferey L. Burgess, Mel and Enid Zuckerman College of Public Health, University of Arizona, USA<sup>2</sup>

Anna Stec, University of Central Lancashire, UK<sup>3</sup>

Paul White, Environmental Health Science and Research Bureau, Health Canada, Canada<sup>4</sup>

### Representatives of national and international health agencies

Amy Berrington, Division of Cancer Epidemiology and Genetics, National Cancer Institute, USA

Kathleen Navarro, Western States Division, National Institute for Occupational Safety and Health, USA

### Observers

Christine Barul, National Institute of Health and Medical Research (INSERM), France

Alex Forrest, United Firefighters of Winnipeg, Canada<sup>5</sup>

### IARC Secretariat

Lamia Benbrahim-Tallaa, *IARC Monographs Programme*

Pauline Boucheron, Environment and Lifestyle Epidemiology Branch

Nathan DeBono, *IARC Monographs Programme* (Co-Responsible Officer)

Aline de Conti, *IARC Monographs Programme*

Fatiha El Ghissassi, *IARC Monographs Programme*

Yann Grosse, *IARC Monographs Programme*

Bayan Hosseini, Environment and Lifestyle Epidemiology Branch

Joanne Kim, Environment and Lifestyle Epidemiology Branch

Federica Madia, *IARC Monographs Programme*

Heidi Mattock, *IARC Monographs Programme* (Editor)

Mary Schubauer-Berigan, *IARC Monographs Programme* (Responsible Officer and Programme Head)

Leslie Stayner, *IARC Monographs Programme*

Eero Suonio, *IARC Monographs Programme*

Susana Viegas, *IARC Monographs Programme*

Roland Wedekind, *IARC Monographs Programme*

Hana Zahed, Genomic Epidemiology Branch

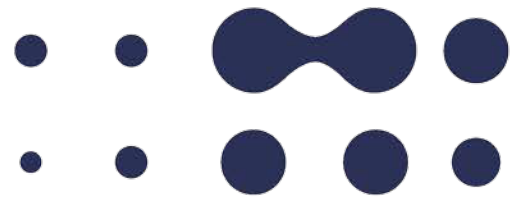

---

<sup>2</sup> Dr Burgess reports receiving recent funding from the International Association of Fire Fighters.

<sup>3</sup> Dr Stec reports that her research unit received research funding from the Fire Brigades Union.

<sup>4</sup> Dr White reports receiving past funding from the International Association of Fire Fighters.

<sup>5</sup> Mr Forrest reports being an elected representative of, and receiving payments of less than \$5000 from, the International Association of Fire Fighters, providing expert opinion representing firefighters diagnosed with Occupational Cancer for Workers Compensation Purposes, and having received support for travel from United Fire Fighters of Winnipeg. He notes that the IARC classification may benefit his professional colleagues.

**NOTE REGARDING CONFLICTS OF INTERESTS:** Each participant first received a preliminary invitation with the request to complete and sign the IARC/WHO Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial or non-financial interests (e.g. public statements and positions related to the subject of the meeting).

Official invitations were extended after careful assessment of any declared interests that might constitute a conflict of interest. Pertinent and significant conflicts are disclosed here. Information about other potential conflicts that are not disclosed may be sent to the Head of the *IARC Monographs* Programme at [imo@iarc.fr](mailto:imo@iarc.fr).

Participants identified as Invited Specialists did not serve as meeting chair or subgroup chair, draft text that pertains to the description or interpretation of cancer or mechanistic end-point data, or participate in the evaluations. The Declarations were updated and reviewed again at the opening of the meeting.
