

IARC Monographs on the Identification of Carcinogenic Hazards to Humans

**Volume 133: Anthracene, 2-Bromopropane, Butyl Methacrylate,
and Dimethyl Hydrogen Phosphite**

Lyon, France: 28 February to 7 March 2023

LIST OF PARTICIPANTS

Working Group Members and Invited Specialists served in their individual capacities as scientists and not as representatives of their government or any organization with which they are affiliated. Affiliations are provided for identification purposes only.

Members

Mohamed A-E. Abdallah, School of Geography, Earth and Environmental Sciences, University of Birmingham, UK

Alison K. Bauer, Department of Environmental and Occupational Health, Colorado School of Public Health, USA

Kendra R. Broadwater, National Institute for Occupational Safety and Health, USA

Laura Campo, Department of Clinical Sciences and Community Health (DISCCO), University of Milan, Italy

Russell C. Cattley, College of Veterinary Medicine, Auburn University, USA

Emanuela Corsini, Department of Pharmacological and Biomolecular Sciences (DISFEB), University of Milan, Italy

Keith A. Houck, Independent Consultant, USA¹

Gaku Ichihara, Faculty of Pharmaceutical Sciences, Tokyo University of Science, Japan

Hans Kromhout, Institute for Risk Assessment Sciences, Utrecht University, The Netherlands

Michiharu Matsumoto, Japan Bioassay Research Center (retired), Japan

Simone Morais, REQUIMTE-LAQV, School of Engineering Polytechnic of Porto (ISEP), Portugal

Jaroslav Mráz, Centre for Occupational Health, National Institute of Public Health, Czechia

Tetsuo Nomiya, Department of Preventive Medicine and Public Health, Shinshu University School of Medicine, Japan

Kristen Ryan, Division of Translational Toxicology, National Institute of Environmental Health Sciences, USA

Huizhong Shen, School of Environmental Science and Engineering, Southern University of Science and Technology, China (attended remotely)

Meng Sun, Office of Environmental Health Hazard Assessment (OEHHA), California Environmental Protection Agency, USA

Erik J. Tokar, Division of Translational Toxicology, National Institute of Environmental Health Sciences, USA

Takeshi Toyoda, Division of Pathology, National Institute of Health Sciences, Japan

¹ Keith Houck is a consultant employed by Carolina Fermentations Unlimited, but the work conducted by this company does not involve competing interests for the topics covered by the present *IARC Monographs Meeting*.

Kirsi Vähäkangas, Faculty of Health Sciences, University of Eastern Finland, Finland (attended remotely)

Marianna G. Yakubovskaya, Institute of Carcinogenesis, NN Blokhin National Medical Research Center of Oncology, Russian Federation

Invited Specialists

Il Je Yu, Hyundai Calibration & Certification Technologies Co., Ltd, Republic of Korea²

Representatives of national and international health agencies

Curt Dellavalle, National Cancer Institute, Division of Cancer Control and Population Sciences, USA

Observers

Gregor Tuschl, Methacrylate REACH Task Force, Germany³

IARC Secretariat

Lamia Benbrahim-Tallaa, *IARC Monographs Programme* (Responsible Officer)

Nathan DeBono, *IARC Monographs Programme*

Aline de Conti, *IARC Monographs Programme*

Fatiha El Ghissassi, *IARC Monographs Programme*

Federica Madia, *IARC Monographs Programme*

Heidi Mattock, *IARC Monographs Programme* (Editor)

Elisa Pasqual, *IARC Monographs Programme*

Mary Schubauer-Berigan, *IARC Monographs Programme* (Programme Head)

Eero Suonio, *IARC Monographs Programme*

Roland Wedekind, *IARC Monographs Programme*

NOTE REGARDING CONFLICTS OF INTERESTS: Each participant first received a preliminary invitation with the request to complete and sign the IARC/WHO Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial or non-financial interests (e.g. public statements and positions related to the subject of the meeting).

Official invitations were extended after careful assessment of any declared interests that might constitute a conflict of interest. Pertinent and significant conflicts are disclosed here. Information about other potential conflicts that are not disclosed may be sent to the Head of the *IARC Monographs Programme* at imo@iarc.who.int.

Participants identified as Invited Specialists did not serve as Meeting Chair or Subgroup Chair, draft text that pertains to the description or interpretation of carcinogenicity data, nor participate in the evaluations. The Declarations were updated and reviewed at the opening of the meeting.

Posted on 3 March 2023

² Il Je Yu reports being a salaried employee of HCT Co., Ltd., formerly a spin-off of Hyundai Electronics, whose work may involve competing interests for the topics covered by this *IARC Monographs* volume.

³ Gregor Tuschl is attending as an Observer for the Methacrylate REACH Task Force (MRTF). He is employed by Röhm GmbH, which manufactures butyl methacrylate. He notes that an IARC classification may have a negative impact on sales for the manufacturers organized within the MRTF, including his employer.
