

IARC Monographs on the Identification of Carcinogenic Hazards to Humans

Volume 136: Talc and Acrylonitrile

Lyon, France: 11 – 18 June 2024

PRELIMINARY LIST OF PARTICIPANTS

IARC requests that Meeting Observers and others outside the Working Group do not contact or lobby Working Group Members, send them written materials, or offer favours that could appear to be linked to their participation. (You may send pertinent written materials to IARC.) IARC will ask participants to report all such contacts and will publicly reveal any attempt to influence the meeting. Thank you for your cooperation.

Working Group Members serve in their individual capacities as scientists and not as representatives of their government or any organization with which they are affiliated. Affiliations are provided for identification purposes only.

Members

Andres Cardenas Salazar, Department of Epidemiology and Population Health, Stanford University
School of Medicine, USA

Tania Carreon-Valencia, CDC-NIOSH World Trade Center Health Program, National Institute for
Occupational Safety and Health, USA

Dario Consonni, Fondazione IRCCS, Ca' Granda Ospedale Maggiore Policlinico, Italy

Laurie Davies, Health and Safety Executive, UK

Sara de Matteis, Department of Health Sciences, University of Milan, Italy

Paul Demers, Occupational Cancer Research Center, Ontario Health, Canada

Maria Henriqueta Dias Lourenço Garcia Louro, National Institute of Health Dr Ricardo Jorge, Portugal

Emanuela Felley-Bosco, Department of Biomedical Sciences, University of Lausanne, Switzerland

Jason Fritz, Laboratory Services and Applied Sciences Division, United States Environmental
Protection Agency, USA

Andrew Ghio, Occupational and Environmental Pulmonary Medicine, United States Environmental
Protection Agency, USA

Thomas Göen, Social and Environmental Medicine, Friedrich-Alexander University of Erlangen,
Germany

Yann Grosse, International Agency for Research on Cancer (retired), France

Alessandro Gualtieri, Department of Chemical and Geological Sciences, University of Modena and
Reggio Emilia Italy, Italy

Philip David Josephy, University of Guelph (retired), Canada

Stella Koutros, Occupational and Environmental Epidemiology Branch, National Cancer Institute, USA

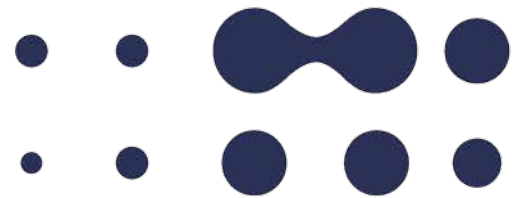

Igor Linhart, Department of Organic Chemistry, University of Chemistry and Technology, Czechia

Katie O'Brien, National Institute of Environmental Health, USA

Simona Panzacchi, Cesare Maltoni Cancer Research Center, Ramazzini Institute, Italy

Laura Peña, Department of Animal Medicine, Surgery and Pathology, Veterinary School Complutense
University of Madrid, Spain

Pavel Rössner, Institute of Experimental Medicine CAS, Czechia

Joellen Schildkraut, Department of Epidemiology, Emory University, USA

Malcom Sim, Monash University (Emeritus), Australia

Leslie Stayner, University of Illinois at Chicago (Emeritus), USA

Aleksandr Stefaniak, National Institute for Occupational Safety and Health, USA

Patricia Stewart, Stewart Exposure Assessments, LLC, USA¹

Hiroyuki Tsuda, Graduate School of Medical Sciences, Nagoya City University, Japan

Nicolas Wentzensen, Clinical Genetics Branch, National Cancer Institute, USA

Pascal Wild, PW Statistical Consulting, France

Yuanyuan Xu, School of Public Health, China Medical University, People's Republic of China

Invited Specialists

None

Representatives of national and international health agencies

None

Observers

Bryan Bandli, RJ Lee Group, Inc, USA²

Bill Jameson, CWJ Consulting, USA³

Christophe R. Kirman, SciPinion, USA⁴

Kenneth Mundt, Independent Consultant in Epidemiology; University of Massachusetts, Amherst (Adjunct), USA⁵

IARC Secretariat

Ayat Ahmadi, *IARC Monographs Programme*

Lamia Benbrahim-Tallaa, *IARC Monographs Programme (Responsible Officer)*

Jessica Blanco, Nutrition and Metabolism Branch

Shirisha Chittiboyina, *IARC Monographs Programme*

Aline de Conti, *IARC Monographs Programme*

Caterina Facchin, *IARC Monographs Programme*

Shalini Kulasingham, *IARC Monographs Programme*

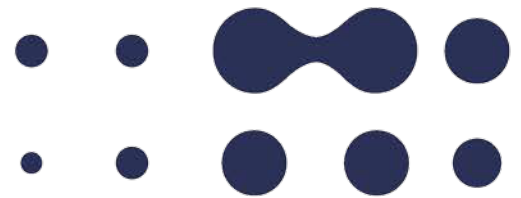

¹ Dr Stewart reports being employed by Stewart Exposure Assessments, LLC, but the work conducted by this company does not involve competing interests for the topics covered by the present *IARC Monographs Meeting*.

² Dr Bandil reports being employed by RJ Lee Group, an analytical laboratory and scientific consulting firm with business interests that may be affected by the outcome of this present meeting.

³ Dr Jameson reports being employed by CWJ consulting and providing expert opinion on behalf of law firms in connection with expert testimony for plaintiffs in talc litigation.

⁴ Dr Kirman reports being employed by SciPinion and consulting for and receiving research support from the Acrylonitrile Group, which is sponsoring his travel to and attendance at this present meeting.

⁵ Dr Mundt is employed by the University of Massachusetts and as an independent consultant; he declares benefiting from personal consultancy fees from EUROTALC (current) and CTiS (past), providing expert opinion on behalf of entities producing, marketing and retailing cosmetic products in connection with talc litigations, benefiting from research support from a tobacco company in his capacity of science advisory group member to summarise the epidemiological literature on non-combusted tobacco products, and receiving support for travel and accommodation from EUROTALC to participate in the present meeting.

Rich MacLehose, *IARC Monographs* Programme
Federica Madia, *IARC Monographs* Programme
Heidi Mattock, *IARC Monographs* Programme (Editor)
Melitah Mothale, Environment and Lifestyle Epidemiology Branch
Elisa Pasqual, *IARC Monographs* Programme (Co-Responsible Officer)
Mary Schubauer-Berigan, *IARC Monographs* Programme (Programme Head)
Sanam Shah, Nutrition and Metabolism Branch
Eero Suonio, *IARC Monographs* Programme
Roland Wedekind, *IARC Monographs* Programme

NOTE REGARDING CONFLICTS OF INTERESTS: Each participant first received a preliminary invitation with the request to complete and sign the IARC/WHO Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial or non-financial interests (e.g. public statements and positions related to the subject of the meeting).

Official invitations were extended after careful assessment of any declared interests that might constitute a conflict of interest. Pertinent and significant conflicts are disclosed here. Information about other potential conflicts that are not disclosed may be sent to the Head of the *IARC Monographs* programme at imo@iarc.fr.

Participants identified as Invited Specialists will not serve as meeting chair or subgroup chair, draft text that pertains to the description or interpretation of cancer data, or participate in the evaluations. The Declarations will be updated and reviewed again at the opening of the meeting.
