

IARC Monographs on the Identification of Carcinogenic Hazards to Humans

Volume 138: Automotive Gasoline and Some Oxygenated Additives

Lyon, France: 25 February – 4 March 2025

PRELIMINARY LIST OF PARTICIPANTS

IARC requests that Meeting Observers and others outside the Working Group do not contact or lobby Working Group Members, send them written materials, or offer favours that could appear to be linked to their participation. (You may send pertinent written materials to IARC.) IARC will ask participants to report all such contacts and will publicly reveal any attempt to influence the meeting. Thank you for your cooperation.

Working Group Members serve in their individual capacities as scientists and not as representatives of their government or any organization with which they are affiliated. Affiliations are provided for identification purposes only.

Members

Sunisa Chaiklieng, Department of Occupational Safety and Health, Khon Kaen University, Thailand

Juliana da Silva, LaSalle University, Brazil

Silvia Fustinoni, Department of Clinical Sciences and Community Health, University of Milan, Italy

Min Gi, Department of Environmental Risk Assessment, Osaka Metropolitan University Graduate School of Medicine, Japan

Lode Godderis, Leuven University, Belgium

Pascal Guenel, Institut national de la santé et de la recherche médicale (INSERM), France

Julia Heck, University of North Texas, USA

Nancy Hopf, Centre for Primary Care and Public Health (Unisanté), Switzerland

François Huaux, Institut de Recherche Expérimentale et Clinique, Université Catholique de Louvain, Belgium

Gunnar Johanson, Karolinska Institut, Sweden

Jorunn Kirkeleit, National Institute of Occupational Health, Norwegian Working Environment Institute (STAMI), Norway¹

Kirill Kirsanov, NN Blokhin National Medical Research Center of Oncology, Russian Federation

Esra Mutlu, United States Environmental Protection Agency, USA

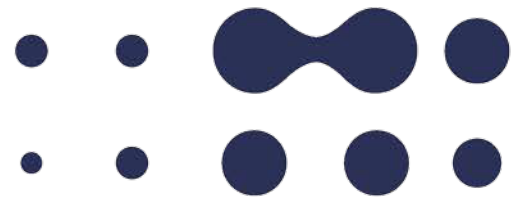

Betzabet Quintanilla-Vega, Department of Toxicology, Center for Research and Advanced Studies of the National Polytechnic Institute (CINVESTAV), Mexico

¹ Dr Kirkeleit is a collaborator on a collaborative grant to the Cancer Registry of Norway that receives, by statutory mandate, 20% of its funding from the petroleum industry and 80% from government sources. Funds were administered by the Research Council of Norway, with no industry involvement and no support to Dr Kirkeleit's salary or other salaries at the Cancer Registry of Norway

Sheila Coelho Soares-Lima, Brazilian National Cancer Institute, Brazil

Joao Paulo Teixeira, National Institute of Health, Portugal

Andrea Terron, European Food Safety Authority (EFSA), Italy

Jan Topinka, Institute of Experimental Medicine, Academy of Sciences of the Czech Republic, Czechia

Michelle C Turner, Barcelona Institute for Global Health (ISGlobal), Spain

Mary C White, Emory University, USA

Invited Specialists

None

Representatives of national and international health agencies

Mushabab Ali Al-Asiri, National Cancer Centre, Saudi Arabia

Mohamed Berraho, Cancer Research Institute, Morocco

Mohamed Hassany, Ministry of Health and Population, Egypt

Observers

David Hoel, Medical University of South Carolina (retired), USA²

Giulia Pizzella, Eni Energy Evolution, Italy³

Erik Rushton, Global Toxicology and Risk Communication, The Netherlands⁴

Allison Stock, J.S. Held LLC, USA⁵

IARC Secretariat

Lamia Benbrahim-Tallaa, *IARC Monographs Programme*

Aline de Conti, *IARC Monographs Programme* (Responsible Officer)

Xiaobei Deng, *IARC Monographs Programme*

Roya Dolatkah, Environment and Lifestyle Epidemiology Branch

Rachmad Anres Dongoran, Epigenomics and Mechanisms Branch

Caterina Facchin, *IARC Monographs Programme*

Nathalia Goncalves De Oliveira, Environment and Lifestyle Epidemiology Branch

Esther Gonzalez Gil, Nutrition and Metabolism Branch

Andrew Kunzmann, *IARC Monographs Programme*

Federica Madia, *IARC Monographs Programme*

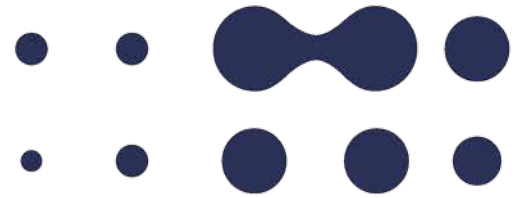

Heidi Mattock, *IARC Monographs Programme*

² Dr Hoel's travel costs to attend the meeting will be paid by Exxon-Mobil, which is a US multinational oil and gas corporation.

³ Dr Pizzella is employed by (and travel costs paid by) Eni Spa, which is an Italian multinational petroleum company, and is Chair of the Exposure Task Force at CONCAWE, which is a division of the European Fuel Manufacturers Association.

⁴ Dr Rushton is employed by LyondellBasell, which is a chemical company manufacturing MTBE, ETBE, and TBA fuel ethers, and is Chair of the Health, Safety and Environment Committee at Sustainable Fuels (a sector group of CEFIC, the European Chemical Association). These organizations are paying his travel costs.

⁵ Dr Stock is employed by J.S. Held, which is a global consulting firm specialising in business intelligence, litigation support, cybersecurity, corporate finance, sustainability, and construction consulting.

Felix Onyije, Environment and Lifestyle Epidemiology Branch

Elisa Pasqual, *IARC Monographs* Programme

Mary Schubauer-Berigan, *IARC Monographs* Programme (Programme Head)

Eero Suonio, *IARC Monographs* Programme

Susana Viegas, *IARC Monographs* Programme

Roland Wedekind, *IARC Monographs* Programme

NOTE REGARDING CONFLICTS OF INTERESTS: Each participant first received a preliminary invitation with the request to complete and sign the IARC/WHO Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial or non-financial interests (e.g. public statements and positions related to the subject of the meeting).

Official invitations were extended after careful assessment of any declared interests that might constitute a conflict of interest. Pertinent and significant conflicts are disclosed here. Information about other potential conflicts that are not disclosed may be sent to the Head of the *IARC Monographs* programme at imo@iarc.fr.

Participants identified as Invited Specialists will not serve as meeting chair or subgroup chair, draft text that pertains to the description or interpretation of cancer data, or participate in the evaluations. The Declarations will be updated and reviewed again at the opening of the meeting.
