

IARC Monographs on the Identification of Carcinogenic Hazards to Humans

Volume 143: Cannabis Smoking

Lyon, France: 3–10 November 2026

PRELIMINARY LIST OF PARTICIPANTS

IARC requests that Meeting Observers and others outside the Working Group do not contact or lobby Working Group Members, send them written materials, or offer favours that could appear to be linked to their participation. (You may send pertinent written materials to IARC.) IARC will ask participants to report all such contacts and will publicly reveal any attempt to influence the meeting. Thank you for your cooperation.

Working Group Members serve in their individual capacities as scientists and not as representatives of their government or any organization with which they are affiliated. Affiliations are provided for identification purposes only.

Members

Carolyn Baglole, McGill University Health Centre, Canada

Stefano Bonassi, San Raffaele University of Rome, Italy

Elizabeth Boyle, United States National Academies of Sciences, Engineering, and Medicine, USA

Anil Chaturvedi, Trans-Divisional Research Program, National Cancer Institute, USA

Mary Schubauer-Berigan, *IARC Monographs Programme* (Programme Head)

Mahdi Sheikh, Early Detection Prevention and Infections Branch

Eero Suonio, *IARC Monographs Programme*

Roland Wedekind, *IARC Monographs Programme*

NOTE REGARDING CONFLICTS OF INTERESTS: Each participant first received a preliminary invitation with the request to complete and sign the IARC/WHO Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial or non-financial interests (e.g. public statements and positions related to the subject of the meeting).

Official invitations were extended after careful assessment of any declared interests that might constitute a conflict of interest. Pertinent and significant conflicts are disclosed here. Information about other potential conflicts that are not disclosed may be sent to the Head of the *IARC Monographs Programme* at imo@iarc.who.int.

Participants identified as Invited Specialists will not serve as meeting chair or subgroup chair, draft text that pertains to the description or interpretation of cancer or mechanistic data, or participate in the evaluations. The Declarations will be updated and reviewed again at the opening of the meeting.
